

Central Europe Project IntraMED-C2C

Innovation transfer in the medical sector – from clinics to companies

Priority 1:

1.2 Establishing Capabilities for the Diffusion and Application of Innovation

Goals:

- Comparison of the situation between clinics and SMEs in each participating country in line with their specific health care environment and reimbursement system.
- Development of tools for access of SMEs to the innovation capability in clinics.
- Implementation of these tools.
- Transformation of these tools to a transregional and transnational level.
- Pilot generation of new products, processes and services.
- Implementation of a European wide tool for innovation transfer from clinics to companies.
